DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-40 are rejected under 35 U.S.C. 102(e) as being anticipated by Williams et al. (US2002/0032573).

As to claim 1, Williams et al. discloses a method of receiving shipping information from a user via a device; comparing the received shipping information against prestored information; selecting at least one shipping carrier which matches the received shipping information and displaying the selected shipping carrier based on the shipping information (paragraphs [0018]-[0021]).

As to claim 2, disclosed is the method of receiving atleast one of the listed items in the instant claim (fig. 16).

Page 3

Application/Control Number: 09/761,948

Art Unit: 3644

As to claim 3, disclosed is the method step of selecting at least one shipping carrier comprises the steps of retrieving an optimum shipping carrier and associated costs; and downloading the optimum shipping carrier and associated costs ([0018]-[0021]).

As to claim 4, disclosed is the method step of the instant claim (fig. 41 and 42).

As to claim 5, disclosed is user id and password (fig. 7).

As to claim 6, disclosed is accessing a website of the carrier [0111] and generating a shipping laber [0024].

As to claim 7, is a GUI.

As to claim 8, disclosed the step of validating compatibility based on the received shipping information to determine whether a resulting optimum method is capable of meeting key parameters defined by the user.

As to claim 9, disclosed is guiding the user.

As to claim 10, disclosed is authenticating a user based on pre-defined criteria and launching at least one shipping wizard [0017-0588].

Application/Control Number: 09/761,948

Art Unit: 3644

As to claim 11, disclosed is additional authentication (fig. 7-11).

As to claim 12, disclosed is the method step as described in the instant claim.

As to claim 13, disclosed is the accessing a maintenance user interface after a user has been authenticated based on pre-defined criteria, and providing capabilities to the user to maintain the centralized database [0017-0030].

Page 4

As to claim 14, disclosed is at least one step as disclosed in the instant claim [0184].

As to claim 15, disclosed is the downloading and displaying various performance metrics (fig. 41 and 42).

As to claim 16, disclosed is a client sub-system comprising a browser; a centralized database; a server sub-system configured to be coupled to said client configured to: received shipping information compare the information; and selecting a carrier; and displaying the carrier (fig. 1-40).

As to claims 17-40, the method steps of the instant claims are thoroughly and readily apparent during the operation of the system of Williams et al.

Conclusion

Application/Control Number: 09/761,948

Art Unit: 3644

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jordan Lofdahl whose telephone number is 703.605.1217. The examiner can normally be reached on M-F 7-3.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Charles Jordan can be reached on 703.306.4159. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is 703.306.4148.
